

# AIR FRESHENING CONSUMABLES

*Advanced malodour control from the freedom in fragrance™ range*

The freedom in fragrance™ range of air freshening fragrances forms an integral part of our air freshening systems. Available in CFC

free aerosol cans (160ml/3000 dose) and sachet format, each fragrance counteracts both washroom and tobacco malodour.

## Benefits

### Choice

> Fragrances available in aerosol and sachet format for programmable and continuous air freshening dispensers

### End user satisfaction

- > High quality, fresh, modern and attractive range of fragrances
- > All fragrances counteract both washroom and tobacco malodour
- > Patented dual action neutralising agent for advanced malodour control

### Peace of mind

- > Safe formulations approved for use under EU regulations
- > Kennedy's fragrances do not contain any of the following ingredients: Benzene, Formaldehyde, Toluene, Limonene, Phthalates, Naphthalene or Styrene.

### Compliance

- > Aerosols comply with 75/324/EEC & 94/1/EC, the Aerosol Directive and Amendment.
- > Aerosols are labelled to comply with the Dangerous Preparations Directive 99/45/EC as amended by 2001/60/EC

## Hard Working Fragrance

The freedom in fragrance™ range contains a highly effective patented neutralising agent.

1. When a fragrance is sprayed, the neutralising agent breaks down any malodour molecules in the atmosphere.
2. Unpleasant odours vanish and you are left with a clean fragrance and a happy customer!

## The Fragrance Range

### Lemon Citrus New

Fresh citrus orange and lemon make an interesting cocktail with fougere, eucalyptus and lavender.

### Water Fresh New

A fresh, watery, herbal fragrance with notes of pine, bergamot and grapefruit.

### Warm Sandalwood New

A rich and evocative fragrance bringing together warm amber and sandalwood with light sunny citrus.

### Lavender Breeze New

An herbaceous lavender aroma blended with notes of precious woods and mosses.

### Blue Tonic

A clean, fresh and sophisticated, ozone fragrance

### Vanilla Blossom

Smooth vanilla with fruity notes and delicate white flowers

### Citrus Spring

A lively sparkling citrus fragrance with fresh grapefruit zest

### Apple Zest

A clean and fresh apple aroma, lifted by pink grapefruit

### White Bouquet

A fresh white floral fragrance with a green top and fruity accords

### Oriental Garden

A distinctive floral fragrance combining jasmine, rose and lily

### Green Tea

Green tea combined with bergamot, orange blossom and mandarin zest

### Mint Zone

Crisp mint, Chinese peppermint and spearmint – the ultimate mint cocktail
