

SEATSAN

Toilet Seat Sanitising Foam Dispenser

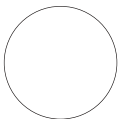

SEATSAN dispenses virucidal/bactericidal toilet seat sanitising foam. The ultra economical foam uses 30% less consumable than a comparable fluid sanitiser and kills 99.99% of bacteria found on toilet seats. The consumable also conforms to European bactericidal and fungicidal standards.

The unit's error proof refill loading system makes for easy service while flash-drying and smooth dispensing aid the end user. The SEATSAN Toilet Seat Sanitising Foam Dispenser is available in Kennedy's full range of attractive finishes.

Finishes available

Benefits

Reliability & Durability

- > Straightforward design and use of highly durable material
- > Non-drip patented pump mechanism
- > Angled top of dispenser to prevent cigarette burn damage
- > Foam meets European Standards EN 1275 and EN 1040

Ease of Service

- > Error proof soap refill loading feature

- > Hinged cover for operator convenience and speed of service
- > Practical inspection window shows when a refill is required

End user Satisfaction

- > Bactericide kills staphylococcus aureus, pseudomonas aeruginosa and candida albicans
- > Smooth dispensing foam alleviates irritating mis-sprays
- > Flash drying enables immediate toilet use
